

March and District Museum

High Street, March, Cambs, PE15 9JJ

T - 01354 655300

School visits

Thank you for requesting a visit to the museum. As the volunteer staff at March Museum may not be conversant with the school curriculum, it is important that the person organising a school visit takes responsibility for the content of the morning/afternoon session/s at the venue. It is recommended that a representative from the school visits the museum before the school children to see what equipment will be involved and whether any museum staff will be needed to supplement the session/s.

Group visits

It is assumed that groups other than school children will have a leader who is overall responsible. If specific requests are involved, please organise the visit with a member of the museum staff otherwise it will be assumed that the group will be happy with a general look round the museum.

Please finalise details 14 days before the visit. Charges are £1 per person and cheques should be made payable to "March and District Museum Society." Please complete the form below and return to the museum by email or in person.
